BREASTFEEDING

We are all aware of the benefits of breastfeeding. Breast milk is recommended by doctors as the ideal nutrition for baby's first year, supplemented with solid food after 6 months.

However, mothers today often have to combine breastfeeding with other activities and responsibilities, or they may wish to involve other family members in feeding the new baby. For this reason, Optimal developed a range of breast pumps to make breast feeding simple and ideal.

MANUAL BREAST PUMPS

- Optimal breast reliever, for breastfeeding mothers experiencing engorgement or swollen breasts, operates in just one hand.

- Efficient and easy to use
- Moderate suction
- Smooth pumping action; ideally suited for occasional use
- Gentle suction pressure helps correct inverted nipples
- Soft, Non-toxic and safe
- Ergonomic design
- Wide base for stability

OPB - 1174

Ean - 7261894211740

SILICONE SQUEEZABLE BREAST PUMP (Special Shape closely as possible to breast-feeding)

Adaptable to any breast size, increases the flow of milk and prevents the inflammation of mammary glands during milk extraction.

✓ 100% food grade silicone & BPA free, non-toxic, odorless

✓ One-integrated design

INSTRUCTIONS:

- Squeeze the silicone ball continuously to extract milk from breast.
- In the mean time, massage the breast to make the milk flowing out easier.

OPB - 1059

Ean - 7261894210590

NATURAL-FIT MANUAL BREAST PUMP

Express, store, transport, and feed using the breast pump combo set.

- With soft comfort massaging breast cup
- Silicone massage cushion inside horn creates soft and natural feel
- Fits Optimal standard neck bottle

Combo Set

OPB - 1080

Ean - 7261894210804

- Zero button subtracts the weight of diapers or clothing
- Equipped with auto-off technology to conserve battery life

OPM - 1329

Ean - 7261894213294

FEEDING BOTTLES

Optimal range of Well-Being Feeding Bottles comes in a variety of sizes and materials, all BPA-free (bisphenol A) to meet the safety requirements and taste of all mums:

- Evolution: hard wearing high performing plastic feeding bottles, ideal for the more demanding mothers.
- Nature Glass: these are designed for younger babies as the natural glass make them exceptionally hygienic and ecologic and can retain the temperature of the milk in the bottle for much longer.
- Well-Being: in light hard wearing plastic, they have a variety of delightful decorations to make feed time as fun and entertaining as possible.

All Well-Being feeding bottles are available with silicone teats.

SPECIAL NIPPLES WITH ANTI-COLIC AIR EXCHANGE SYSTEM

AIR EXCHANGE SYSTEM allows baby to drink continuously, swallowing liquid instead of air.

Anti-colic valve system

As your baby feeds, the unique valve on the optimal teat flexes to allow air into the bottle instead of your baby's tummy.

Highly durable

This BPA-free bottle (0% Bisphenol A) is made of PES material for extra durability and ease of cleaning.

Fit your baby's growing needs

Round and Orthodontic teats are available.

IMPORTANT:

Use only optimal teats with optimal bottles

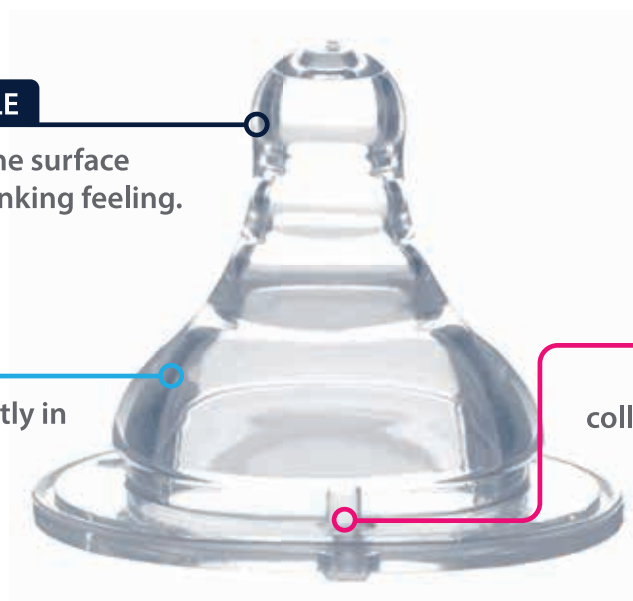

SOFT SILICONE NIPPLE

Soft & patented silicone surface provides a familiar drinking feeling.

SYMMETRIC SHAPE

Nipple always fits perfectly in baby's mouth.

AIR VALVE

Prevents the nipple from collapsing, and allows for an even milk flow.

CHILD SAFETY DOOR STOPPER

Optimal Child Safety Door Stopper helps avoid accidents such as hand and finger injuries by stopping doors from slamming shut, and helps prevents children from locking themselves inside a room. Excellent for use inside the household and for travelling.

- Helps prevent injuries on small fingers by stopping doors from slamming shut.
- Helps prevent children from accidentally locking themselves inside the room.
- Great for travelling.

OPB - 203

Ean - 7261894202038

CHILD SAFETY CABINET SLIDE LOCK

Optimal Child Safety Cabinet Slide Lock helps prevent children from opening cabinets or cupboards. The cabinet slide lock keeps the cabinet shut with a simple slide. It fits well on cabinet handles or knobs.

- Easy to install and use.
- Suitable with most types of cabinet handles.

1 - OPTIMAL® Baby shampoo with its ultra-soft formula, gently cleans hair of babies and children. Hypoallergenic, suitable for atopic skin and for newborns. Thanks to its physiological PH, it respects the cutaneous balance of the scalp. It does not itch in the eyes, it can be used every day to help keep your baby's skin and hair soft and smooth.

2- OPTIMAL® Baby shower gel 2 in 1 soap free, gently cleans body and hair of babies and children. Thanks to the pro-vitamin B5, it helps to keep your baby's skin soft, smooth and healthy. Hypoallergenic, suitable for atopic skin and for newborns.

3- OPTIMAL® Baby moisturizing body lotion with non-greasy formula and natural assets, protects skin against external aggressions. Hypoallergenic, suitable for atopic skin and for newborns. Very lightly scented. Thanks to its active ingredients like Vitamin E with its antioxidant action, the Karite butter and the extract of Calendula and Chamomile, this body lotion calms, nourishes and softens your baby's skin.
